Idaho IFTA Commissioner

RE: Idaho Legislation Regarding Fuels

Idaho recently passed legislation raising Idaho's motor fuel tax rate from 25 cents per gallon to 32 cents per gallon, effective July 1, 2015. Idaho also adopted the gas gallon equivalent (GGE) for compressed natural gas (CNG) and the diesel gallon equivalent (DGE) for liquefied natural gas (LNG).

Idaho needs to notify all IFTA jurisdictions of the change in rates for the following:

Fuel Type	Rate/gallon or equivalent
Diesel, biodiesel and biodiesel blends	0.32
Propane (LPG)	0.232
Compressed Natural Gas (CNG) @ GGE	0.32
Liquefied Natural Gas (LNG) @ DGE	0.349

Sincerely,

Carla Pape
Idaho IFTA Commissioner
